Kelly Mill establishes an enriched learning environment that promotes academic, personal, and social growth for all students. In alliance with students, parents, and community, we will continue to focus on academic excellence, student achievement, parent and community involvement and preparing our students for the 21st century. It is our desire to work with our students, community, and staff to provide relevant and meaningful learning experiences. We invite you to visit our world-class learning environment.

School Hours
7:30 a.m. - 2:25 p.m.

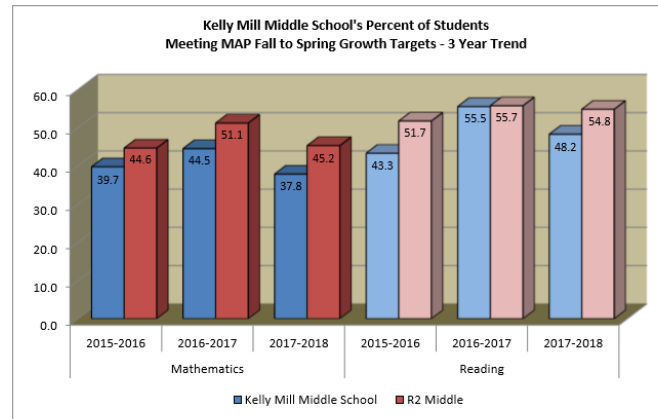

School Highlights & Awards

Kelly Mill Med Pro Magnet strives to be premier by enhancing the learning environment for all students. We are very proud of our students' accomplishments this year. Kelly Mill had 23 South Carolina Junior Scholars, as well as award-winning music programs. We also have competitive teams for **Academics and Athletics**. Our parent and community volunteers play a major role in the success of our school. They have contributed over 1600 hours of their time. The staff at Kelly Mill strives to be premier by providing our students with innovative, challenging work that inspires and encourages them to inquire about the world around them. We are very proud to be recent recipients of the Med Pro 21 Grant for STEAMM. The AVID Program accelerates student-learning and encourages inquiry-based teaching methods. We are a National AVID Demonstration site. We also use technology as an integral component of instruction. We offer one-to-one computing for all students. Each classroom has a Promethean Board, and all students have access to iPads, TI-Inspire calculators, and all students have Chromebooks to ignite their curiosity. Honors classes are available in all four core content areas: English, Math, Science, and Social Studies, and we have a business and economics magnet school, Kelly Mill INC., which is a National Demonstration Magnet for the academically gifted student. Educators at Kelly Mill are provided with resources and professional development to enhance their ability to promote student success.

Richland School District Two does not discriminate on the basis of race, color, religion, national origin, sex, disability, age, or other protected characteristic in its programs and activities.

Goals for the next school year

- ◇ Focus on developing measurable, attainable goals using data
- ◇ Identifying students at every level and support teachers putting specific strategies in place for each student
- ◇ Support initiatives to support addressing the achievement gap
- ◇ Promote character development efforts by the school
- ◇ Promote initiatives to support teacher retention
- ◇ Encourage, monitor, and support parent and community involvement in school activities and programs
- ◇ Effectively promote public relations with parents and the community

AVID Goals

- ◇ To Increase the number of eighth grade students that are enrolled in Algebra I or Geometry
- ◇ To increase the number of students in advanced courses that lead to college preparatory courses in high school
- ◇ To increase the number of male students participating in AVID
