

2017-2018 School Year

## **Core Values**

Family

Success

Integrity

Professionalism

## **Top Priorities**

**Fiscal Responsibility:** With growing facility needs and continued enrollment growth in our district, we will work to clearly understand and analyze the capital and maintenance needs of Richland Two.

**Superintendent Support:** In an effort to support the superintendent's strategic plan and his continued success, we will work to establish a framework for the superintendent's evaluation in order to review trends and academic achievements for future years.

**Governance:** We will work to conduct ourselves as a professional governing body rooted in our **core four** values, develop and publish a board handbook as a supplement to our board policies, and seek to improve the efficiency and effectiveness of our governance work.

Adopted 8/15/17

## **Board of Trustees**
